## THE COUNTY NEWS

GATHERED BY OUR ALERT CORRESPONDENTS.

The Events of the Week from New York, Town & County News—The Times' Representatives Have Found a Wide World.

(The Times has been for some time endeavoring to get a live correspondent from Kansas, and we expect to have the news from there in full next week.)

—

The weather has been very changeable for the past week or two.

The snow is about half deep and the temperature is below zero.

The school hours are now up again, although being out in bad weather.

It would be a good idea to add another hour to the school hours.

The drama group for "Loyalty" is still busy at Monday evening, was all in preparation. The only regret is that we are in a dilemma. The last school day is approaching.

Quite a number of young people tried to take in the theater in Kansas on Saturday night which will be given by the Coalville House Drama Company.

J. W. Stevens of Oakley was in town to help celebrate the last of the week.

John Maxwell keeps the roads open between town and other places, and seems to be losing much with his horses.

J. H. Miller has been quite ill for a few days past, but was some better at last account.

Sophie Carter of Westminister has been visiting relatives and friends in Peoria this week. U. H. Vane.

TOOKPORT.

The Rocky Mountain Miners gave an entertainment in the Tookport hall on Wednesday evening in a full house.

Mrs. Mrs. Howard Miller were in Salt Lake City on the 15th, to see Mrs. Miller's sister, who is very sick.

Miss Brown and our school teacher, with one of her classes, visited the Spring Hollow school on Friday of last week.

Riley Ward E. Cook, Jr., of Kansas and Ralph Marquis of Peoria were roommates here on Sunday last.

The Monday school will give an entertainment on Wednesday evening, February 20th. Quite a lengthy program is being prepared to conclude with the drama "Loyalty to the Master." A small admission fee will be charged, the proceeds to be used in the library school.

Miss May Stevens of Oakley spent several days last week visiting friends in Tookport.

Miss May Park of Kansas and Miss Lillian Evans of Coalville were visitors here on Sunday last.

Miss Clara Stenshjem is in Oakley visiting with her sisters, Mrs. T. Gibson and Mrs. T. Stenshjem.

The class last Friday evening was quite well attended. A number of young people from Kansas were here, also some from Park City, Wanton and Peoria.

Alfred G. Strindberg is home from the Deep Creek mining district.

W. W. Hurd and H. H. Stevens of Oakley passed through here the first of the week on their way to Salt Lake City on business.

Mrs. E. Veemo and Mrs. C. Stevens are both quite sick.

J. M. Main is still quite sick.

WANLESS.

Mr. P. C. Bass and about thirty of his pupils from Heber visited our school Thursday afternoon. February 1st.

John Hart of Tookport and Robert Marshall of Peoria were the speakers here Sunday afternoon.

Mrs. H. E. Peterson has been quite sick this week.

Miss Libby Young has not been able to be around for a week past, but is now on the mend.

James M. Hixson has been quite ill of late. He is not able to be about.

Mr. Eph Bates is having a few weeks rest after a meeting he had.

Some of the members of this and some from the Gentryville band met at Charles Dally's residence last Saturday evening and held a meeting. A very agreeable time was had and will long be remembered by all that were present.

A meeting was called on Wednesday evening for the purpose of organizing a band choir, which was successful. The organization is as follows: E. Stevens, leader; Frank Hixson and Eph Bates, assistants; Peter Hixson, secretary.

William President, treasurer; Miss Anna Peterson and Frank Hixson, organists. There were twenty-eight names entered the first evening, twelve males and sixteen females. This is nothing new or very surprising in regard to the choir.

The Rocky Mountain Miners were very much excited last week by receiving notices from Kansas, after they had voted for state, that they could not affiliate the hall, although it was supposed to observe strict neutrality. Just how well the notice came in is not known, and there is quite a feeling of indignation among the local agents, who are responsible for their disappointment in Kansas.

HAWKES.

The coal礦 company that came off sort of bidding, winning the North Coal and the Olday mine, are now

busy in getting the coal camp and the office ready.

After getting the office ready, the miners will be sent to the mine, and the coal will be sent to the market. The miners will be sent to the mine, and the coal will be sent to the market.

Bring your money, as the eating house is rather bad.

Tookides up the canyon road to the Laramie mountain in one day. No stage coach.

Mr. V. M. White entertained a few of his men on Tuesday day with a pulling bee. Some work done, and a great deal of talking of course. Hope comes with follow out, thus we have more quotations on advertising for Peoria Work and Construction.
